

Continuous Improvement Event & Plant Tour

Make Continuous Improvement a reality & see what YOU can achieve in 90 days
Hosted by EA Sween Company - Eden Prairie, MN

Come see how EA Sween Company achieved 16% productivity uplifts within 90 Days

Mobile and social networks have totally transformed consumer society. Now they enable a revolution in manufacturing performance by firing up workforce engagement to perform better within days.

EA Sween Company saw an increase in productivity of 16% in under 90 days by deploying iPads, rich with real-time intelligence, to harness latent workforce productivity.

**FEB
7TH**

EA Sween Company - Eden Prairie, MN

“The investment in Redzone was one of the easiest and best decisions I have made for our business .”

Tom Sween, CEO & President of EA Sween Company

Continuous Improvement Panel Discussion

Bring your questions to the panel and hear how your peers are leading the way in Continuous Improvement.

Redzone Community Panel

EA Sween Company will be joined by executives from Land O Frost, Master's Gallery, Crest Foods, Palmer Candy. Bring your CI challenges and hear how other F&B plants are transforming their operations with next generation technology; combined with workforce coaching.

Panel Discussion Topics Include:

- Continuous Improvement: where to start?
- How to make Continuous Improvement stick
- How to win the hearts and minds of the workforce
- The role of technology in Continuous Improvement
- Unlocking discretionary effort
- What returns to expect: 90 days, 1 year
- Food Industry benchmarks
- Your specific questions/comments

“The shift start-up kaizen we just completed was the best and most impactful Kaizen Event that I have been a part of as it relates to both the financial impact, but more importantly the cultural impact. \$250k that we have line of sight to and a culture to go get it”

Aaron Scott, Senior VP of Operations
