

Continuous Improvement Event & Plant Tour

Make Continuous Improvement a reality & see what YOU can achieve
Hosted by Lyons Magnus - Fresno CA

Come see how Lyons Magnus have achieved 34% productivity uplifts

Mobile and social networks have totally transformed consumer society. Now they enable a revolution in manufacturing performance by firing up workforce engagement to perform better within days. Lyons Magnus saw an increase in productivity of 34% by deploying iPads, rich with real-time intelligence, to harness latent workforce productivity.

Lyons Magnus West - Fresno CA

"Redzone has changed the way we interact with our departments, the way we solve problems; it's very powerful. How can you win when you don't know the score."

Kris Porter SVP Manufacturing - Lyons Magnus

Continuous Improvement Panel Discussion

Bring your questions to the panel and hear how your peers are leading the way in Continuous Improvement.

Panelists Include:

Lyons Magnus will be joined by executives from Lidestri, Nichols Farms, and Farmers' Rice and together they will share their lean manufacturing success stories with you. Bring your CI challenges and hear how they are transforming their operations with next generation technology; combined with workforce coaching.

Panel Discussion Topics Include:

- Continuous Improvement: where to start?
- How to make Continuous Improvement Stick
- How to win the hearts and minds of the workforce
- The role of technology in Continuous Improvement
- Unlocking discretionary effort
- What returns to expect: 90 days, 1 year
- Food Industry benchmarks
- Your specific questions/comments
