

## Productivity & Food Safety Event [Plant Tour]

Take a systematic approach to improvement & see what you can achieve in 90 days

Hosted by Mariani Packing Co - Vacaville CA

**Come see how Mariani Packing Co achieved a 14% productivity increase in under 90 days.**

Mobile and social networks have totally transformed consumer society. Now they enable a revolution in manufacturing performance by firing up workforce engagement to perform better within days. Mariani Packing Co saw an increase in productivity of 14% in under 90 days by deploying iPads, rich with real-time intelligence, to harness latent workforce productivity.

# Mariani®

Premium Dried Fruit

“Redzone allowed us to have greater visibility into hidden capacity; which enabled us to revise our planned capital expenditure.”

**Brian Karr, Mariani Packing Co**

## Productivity Improvement Panel Discussion

Bring your questions to the panel and hear how your peers are leading the way in Productivity Improvement.

### Redzone Community Panel

Mariani Packing Co will be joined by executives from Fresca Foods, Hope Foods and Neutraceutix. Bring your CI challenges and hear how other F&B plants are transforming their operations with next generation technology; combined with workforce coaching.

#### Panel Discussion Topics Include:

- Continuous Improvement: where to start and how to make it stick
- How to win the hearts and minds of the workforce
- The role of technology in Continuous Improvement and QA
- Unlocking discretionary effort
- What returns to expect: 90 days, 1 year
- Food Industry benchmarks
- Your specific questions/comments
